

LIVE PRODUCTION, WELFARE & BIOSECURITY SEMINAR

The poultry industry faces myriad challenges in poultry and egg live operations. Two critical issues, animal welfare and biosecurity, are at the forefront of those challenges. This year, National Chicken Council, National Turkey Federation, United Egg Producers and U.S. Poultry & Egg Association are collaborating on the Live Production and Welfare Seminar to broaden the spectrum on awareness and industry reach. The Seminar agenda will cover general session topics on Tuesday and Wednesday mornings, and concurrent breakout sessions Tuesday afternoon to address broiler, turkey and egg specific topics. Don't miss this valuable learning and networking opportunity! Register today!

AGENDA

- Threats Against the Industry . . . Animal Activists Update
- Consumer-Driven Challenges and the Impact on the Bottom Line
- Layer Industry Animal Welfare Programs – Lessons Learned
- Impact of Bird Welfare Issues on the Industry
- Identifying Bird Behaviors for Welfare Indicators
